

BPIR – Building Product Information Requirements

Class 1

Bracing Bracket Kits

Product Disclosure Information Self-Assessment
Version: 240727

Product Name	Milsons Bracings Products
Product Identifier	BBKIT (Accessories) e.g. BBKIT-BOLT/SCREWS

Declaration

Milsons 2012 Ltd has provided this declaration to satisfy the provisions of Schedule 1(d) of the Building (Building Product Information Requirements) Regulations 2022.

Product Description

Milsons Bracing Brackets are available in two kit formats. Both kits contain 2 brackets (sold as a pair) and have the required number of screws. However only one kit also contain screw bolts (M10 x 140 mm).

Scope of Use

Intended for residential or commercial use to fix timber to timber. Designed to satisfy wallboard and plywood bracing systems. Can be used for external and internal braced walls. As per 3604:2011 a 15kN uplift into concrete is required and 12kN into timber.

Conditions of Use

Intended for use as per NZS 3604, it is the responsibility of the user to follow guidelines on correct installation. Prior to goods being installed, they should be stored in a dry environment and free from damage. To facilitate your decision-making process, we recommend consulting our technical guides, available at the following web address: <https://milsons.co.nz/category/technical-resources>

Contribution to Building Code Clauses

Relevant Code Clauses	Contributions to Compliance
B1 Structure — B1.3.1, B1.3.2, B1.3.3 (b, d, e, f, g, h, j, q), B1.3.4	Compliance with B1 Structure is contingent upon the design crafted by the designated professional, such as a consulting structural engineer or architect.
B2 Durability — B2.3.1 (a)	The product is offered in galvanized material. Compliance with B2 Durability is contingent upon the selection of the most appropriate coating or material, in accordance with the specific application. This decision should be based on the required durability for the intended use, taking into consideration the environmental conditions in which the product will be situated. This should be made by the designer.
F2 Hazardous building materials — F2.3.1	These products are safe when handled and do not contain or emit harmful materials. There are no requirements for this product in order to comply with Acceptable Solution F2/AS1, First Edition Amendment 3, 2017.
