

BPIR – Building Product Information Requirements

Class 1

Nail On Plate

Product Disclosure Information Self-Assessment
Version: 250916

Product Name	Milsons Nail On Plate
Product Identifier	NP (finish*) (length x width x thickness*) e.g. NP304200X110X1 Note: Stainless products display the grade before the width

Declaration

Milsons 2012 Ltd has provided this declaration to satisfy the provisions of Schedule 1(d) of the Building (Building Product Information Requirements) Regulations 2022.

Product Description

Milsons Nail On Plate is 110 mm wide, 200 mm in length, and 1 mm thick. It is made from Stainless Steel T304 with pre punched holes for use with nails or screws.

Scope of Use

Intended for residential or commercial use to fix timber to timber.

Conditions of Use

Intended for use as per NZS 3604, it is the responsibility of the user to follow guidelines on correct installation. Prior to goods being installed, they should be stored in a dry environment and free from damage.

Contribution to Building Code Clauses

Relevant Code Clauses	Contributions to Compliance
B1 Structure — B1.3.1, B1.3.2, B1.3.3 (b, d, e, f, g, h, j, q), B1.3.4	Compliance with B1 Structure is contingent upon the design crafted by the designated professional, such as a consulting structural engineer or architect. Design data is accessible to these professionals to ensure compliance with the provisions stipulated in NZS 3603 or AS/NZS 1720. Refer to the AS/NZ standard and installation requirements for further information.
B2 Durability — B2.3.1 (a)	The product is offered in Stainless Steel 304 grade. Compliance with B2 Durability is contingent upon the selection of the most appropriate coating or material, in accordance with the specific application. This decision should be based on the required durability for the intended use, taking into consideration the environmental conditions in which the product will be situated. This should be made by the designer.
F2 Hazardous building materials — F2.3.1	These products are safe when handled and do not contain or emit harmful materials. There are no requirements for this product in order to comply with Acceptable Solution F2/AS1, First Edition Amendment 3, 2017.
